The light filled space is the focal point of the upper level with direct connection to the front door used in Art on Piper promotional imagery.

Garth Henderson - Constructed Botanicals

The guest's name hangs in the doorway. The red partition, black wire stand and the door glass panels can be used for additional images.

A DL holder is attached to the door.

Hanging tracks are installed, hooks, wires, plus labels are supplied. Available plinths can be repositioned. Power can be used to run a dvd on a small tv, or music or projecting device. A shade can be fitted to the ceiling bulb. The window sill can be used for standing frames and the curtain decorated with removable, lightweight objects. Consideration will be given to creating an 'atmosphere' different from the rest of the gallery, within safety restrictions – no water, fumes or loud sounds. The floor is particle board.

Walls are 2200 high

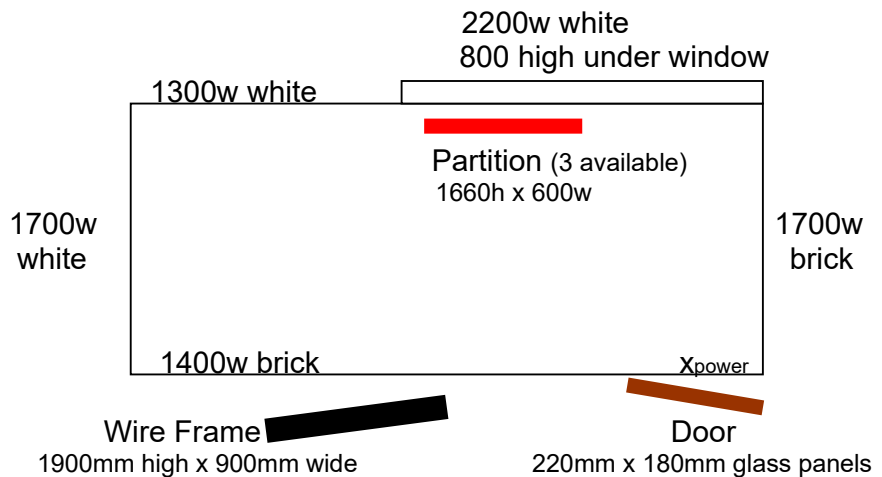

Chris Rowe – mixed media

Two are white, two are brick
